Professional Reference

Dear Sir,

RE: Richard Jones Builder – Testimonial

I, Edward A Bennett, practicing Civil, Structural, Geotechnical & Environmental Engineer hereby confirm my admiration for the exemplary work carried out by Richard Jones over the past five (5) years since I have been involved as the structural engineer for clients wherein Richard has been the Builder/Project Manager.

I have known Richard for approx. six (6) years and have been engaged by Richard's Clients as the structural engineer in a consultative role. Richard has performed admirably as the builder and project manager for the following notable projects that required my inspections on installation of structural elements as each project proceeded:

Project 1: Address – 155/157 Harris Street, Pyrmont, Completion cost approx. 0.7M

Project 2: Address – Barrenjoey Road, Palm Beach, Completion cost approx. 0.3M

I found Richard to be a proven organizer and supervisor in the type of Construction that most Builders would consider to be too demanding of their time and labour resources with additional risk that they would shirk but comes naturally to Richard. He is looking forward to new achievements with future clients. During the time I have been professionally engaged with Richard and his clients in Building & Construction Industry throughout the Sydney metropolitan area region, I have always found him to be completely professional in his role as the builder, particularly in all aspects of domestic construction from alterations & Additions to new Dwellings and swimming pools.

I am able to recommend Richard Jones in any aspect of Building works. If you need to contact me, feel free to do so at any time by phoning 99753899-office or 0407753899-mobile.

Yours faithfully,

E.A Bennett M.I.E. Aust. & NPER 198230 & RPEQ 4541 BPB 0820
