**RE: RICHARD JONES / KALEIDOSCOPE CONSTRUCTIONS**

To whom it may concern,

Last year we commenced a major renovation of our 656m<sup>2</sup> Rodd Point property. Richard Jones of Kaleidoscope Constructions was engaged to undertake the works over a 9 month period, which involved demolition of the existing house (all but 4 walls) and total rebuild plus first floor addition. The works were completed on time and to a high standard using the specified designer finishes. Richard was very proactive in ensuring any defects were dealt with swiftly during the build.

My family and I are extremely pleased with the result. Having personally been involved in the construction industry for many years, I can confidently say that Richard has demonstrated the necessary skill and experience needed to be a residential builder in today's market.

Yours sincerely,
